DAILY GAZETTE.

FIRST SHOT IN THE REVOLUTION.—The first American who discharged his gun on the day of the battle of Lexington, was Ebenezer Lock, who died at Deering, N. Y., about fifty years ago. He resided at Lexington in 1775. The British regulars, at the order of Major Pitcairn, having fired at a few Americans on the green in front of the meeting house, killing some, and wounding others, it was a signal of war. "The citizens," writes one, "might be seen coming from all directions, in the roads, over the fields, and through the woods, each with his rifle in his hand, his powder-horn at his side, and his pockets provided with bullets." Among the number was Ebenezer Lock.

The British had posted a reserve of infantry a mile in the rear, in the direction of Boston. This was in the neighborhood of Mr. Lock, who, inst ad of hastening to join the party at the green, placed himself in an open cellar, at a convenient distance for doing execution. A portion of the reserve was standing on a bridge, and Mr. Lock commenced firing at them. There was no other American in sight. He worked valiantly for some ten minutes, bringing down one of the enemy at nearly every shot. Up to this time not a gun had been fired elsewhere by the Americans. The British, greatly disturbed at losing so many men by the random fire of an unseen foe, were not long in discovering the man in the cellar, and discharged a volley of balls, which lodged in the walls opposite. Mr. Lock, remaining unhurt, continued to load and fire with the precision of a distinguished marksman. He was driven to such close quarters, however, by the British on his right and left, that he was compelled to retreat.

He had just one bullet, and there was but one way to escape, and that was through an orchard, and not one moment was to be lost; he leveled his gun at the man near by, dropped the weapon, and the man was shot through the heart. The balls whistled about him. Lock reached the brink of a steep hill, and throwing himself down upon the ground, tumbled downwards, rolling as if mortally wounded. In this way he escaped unhurt. At the close of the war he moved to New Hampshire, where he resided until his death, twenty years after. He lived in seclusion, and died in peace.

REJOICING OF UNION REFUGEES.—A few days ago a man approached the national lines at Pocahontas, Mississippi, and on hearing the challenge "halt!" from our pickets, he jumped up and exclaimed, "Glory to God! Praise the Lord! I'm free at last! I've found the federal lines!" After this burst of joy was over, he sank almost exhausted, and then explained that he came from some point in Alabama, 150 miles distant; that he had fled the merciless conscription which is being enforced under the last call of President Davis, and which is causing the most terrible reign of terror and tyranny imaginable, and that he was nearly starved. The compassionate pickets fed and comforted him. On the 5th inst. General Dodge was surprised by the appearance of *sixty armed refugees* at his lines, asking admission. They were from Waynesboro, East Tennessee, and were driven to this course by the attempt to conscript them into the rebel army.

THE PROCLAMATION OF FREEDOM.—The Washington correspondent of the New York Times holds the following emphatic language with reference to the future of the proclamation of emancipation:

"Let there be no fear about the action of the government, in any conceivable exigency growing out of this war, and connected with the president's proclamation of freedom. The strongest and wisest of the secretaries, with three other members of the cabinet, will fling their portfolios into the Potomac, sooner than yield a hair's breath of their conviction that the proclamation emancipated for ever and ever, and irrevocably, every slave embraced in its provisions."

Thomas Carlyle, by his attacks on "Black Quashee," and his extravagantly false statements as to the "industrial failure" in the West Indies, as also by his sympathy with mere force, however immoral it might be, first initiated the baneful reaction toward contempt for the negro. But I had no conception, till these events, to what length our upper classes could go. I hear the opinion expressed that, as soon as your success is a manifest and irrevocable fact, they will come over to you in shoals; but I don't believe that. I am sure that no ministry will dare to humor the enmity of the aristocracy against you, while our working classes will fraternize with you more and more, both in England and Ireland; but I look to see a deeper and deeper hatred against you and your aristocracy, the more the future of the world shall develop itself; for that future is American Republicanism, the foremost power on earth.—*English Correspondent.*

A SINGULAR CASE.—The reader will remember that F. H. Farr of this city was wounded at Murfreesboro, by a pistol shot through the tongue, and after remaining there near five months afterwards, returned to his home in this city. The wound in his tongue could not be healed up. Last week he felt a hard substance in it, which upon examination proved to be a large double tooth, which had been driven into it by the ball. Dr. Walker was called upon, and enlarged the wound by cutting, so that Mr. Farr was enabled to take it out with his fingers. This tooth had been in the tongue some seven months, without its presence there having been suspected. It is not at all surprising that Mr. Farr was unable to talk plain.—*Fond du Lac Press.*

TIT FOR TAT.—John Morgan's friends, in Kentucky, complain that he is not properly treated, in being set to work in the Ohio penitentiary. They say it is a gross outrage. The Louisville Journal comforts them by reminding them that Col. Woodruff, of Kentucky, and his companions, who were for a long time prisoners at Richmond, were forced to stem tobacco, and were kept very hard at work at that. In those days, it appears, John Morgan's friends used to laugh at Col. Woodruff having got to be a tobacco stemmer.

NOTICE is hereby given that in pursuance and by virtue of the (14) fourteenth chap (154) one hundred and fifty-four of the revised statutes of Wisconsin I will sell at public auction on the 5th day of September next, at 2 o'clock P. M., in front of the shop of Hathaway & Hammond, on Jackson st., city of Janesville, one Top Buggy owned by J. D. Wadsworth and repaired by the undersigned at the request of said Wadsworth on or about the 1st of July, 1862. The above Buggy will be sold to pay for repairs, storage and cost of advertising, amounting to $ 0 00.

GREAT EXTERNAL REMEDY,

FOR RHEUMATISM, GOUT, NEURALGIA, LUMBAGO, STIFF NECK AND JOINTS, SPRAINS, BRUISES, CUTS AND WOUNDS, PILES, HEADACHE, AND ALL RHEUMATIC AND NERVOUS DISORDERS.

For all which it is a speedy and certain remedy, and never fails. The Liniment is prepared from the recipe of Dr. Stephen Sweet, of Connecticut, the famous bone setter, and has been used in his practice for more than twenty years with the most astonishing success.

AS AN ALLEVIATOR OF PAIN, it is unrivaled by any preparation before the public, of which the most skeptical may be convinced by a single trial.

This Liniment will cure rapidly and radically, RHEUMATIC DISORDERS of every kind, and in thousands of cases where it has been used it has never been known to fail.

FOR NEURALGIA, it will afford immediate relief in every case, however distressing.

It will relieve the worst cases of HEADACHE in three minutes and is warranted to do it.

TOOTHACHE also will it cure instantly.

FOR NERVOUS DEBILITY AND GENERAL LASSITUDE arising from imprudence or excess, this Liniment is a most happy and unfailing remedy. Acting directly upon the nervous tissues, it strengthens and revivifies the system, and restores it to elasticity and vigor.

FOR PILES—As an external remedy, we claim that it is the *best* known, and we challenge the world to produce an equal. Every victim of this distressing complaint should give it a trial, for it will not fail to afford immediate relief, and in a majority of cases will effect a *radical cure.*

QUINSEY AND SORE THROAT are sometimes extremely malignant and dangerous, but a timely application of this Liniment will never fail to cure.

SPRAINS are sometimes very obstinate, and enlargement of the joints is liable to occur if neglected. The worst case may be conquered by this Liniment in two or three days.

BRUISES, CUTS, WOUNDS, SORES, ULCERS, BURNS AND SCALDS, yield readily to the wonderful healing properties of DR. SWEET'S INFALLIBLE LINIMENT, when used according to directions. Also, CHILBLAINS, FROSTED FEET, AND INSECT BITES AND STINGS

Every Horse Owner

should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

Over four hundred voluntary testimonials to the wonderful curative properties of this Liniment have been received within the last two years, and many of them from persons in the highest ranks of life.

CAUTION.

To avoid imposition, observe the Signature and Likeness of Dr. Stephen Sweet on every label, and also "Stephen Sweet's Infallible Liniment" blown in the glass of each bottle, without which none are genuine.

DAILY GAZETTE.

FIRST SHOT IN THE REVOLUTION.—The first American who discharged his gun on the day of the battle of Lexington, was Ebenezer Lock, who died at Deering, N. Y., about fifty years ago. He resided at Lexington in 1775. The British regulars, at the order of Major Pitcairn, having fired at a few Americans on the green in front of the meeting-house, killing some, and wounding others, it was a signal of war. "The citizens," writes one, "might be seen coming from all directions, in the roads, over the fields, and through the woods, each with his rifle in his hand, his powder-horn at his side, and his pockets provided with bullets." Among the number was Ebenezer Lock.

The British had posted a reserve of infantry a mile in the rear, in the direction of Boston. This was in the neighborhood of Mr. Lock, who, instead of hastening to join the party at the green, placed himself in an open cellar, at a convenient distance for doing execution. A portion of the reserve was standing on a bridge, and Mr. Lock commenced firing at them. There was no other American in sight. He worked valiantly for some ten minutes, bringing down one of the enemy at nearly every shot. Up to this time not a gun had been fired elsewhere by the Americans. The British, greatly disturbed at losing so many men by the random fire of an unseen foe, were not long in discovering the man in the cellar, and discharged a volley of balls, which lodged in the walls opposite. Mr. Lock, remaining unhurt, continued to load and fire with the precision of a distinguished marksman. He was driven to such close quarters, however, by the British on his right and left, that he was compelled to retreat.

He had just one bullet, and there was but one way to escape, and that was through an orchard, and not one moment was to be lost; he leveled his gun at the man near by, dropped the weapon, and the man was shot through the heart. The balls whistled about him. Lock reached the brink of a steep hill, and throwing himself down upon the ground, tumbled downwards, rolling as if mortally wounded. In this way he escaped unhurt. At the close of the war he moved to New Hampshire, where he resided until his death, twenty years after. He lived in seclusion, and died in peace.

REJOICING OF UNION REFUGEES.—A few days ago a man approached the national lines at Pocahontas, Mississippi, and on hearing the challenge "halt!" from our pickets, he jumped up and exclaimed, "Glory to God! Praise the Lord! I'm free at last! I've found the federal lines!" After this burst of joy was over, he sank almost exhausted, and then explained that he came from some point in Alabama, 150 miles distant; that he had fled the merciless conscription which is being enforced under the last call of President Davis, and which is causing the most terrible reign of terror and tyranny imaginable, and that he was nearly starved. The compassionate pickets fed and comforted him. On the 5th inst. General Dodge was surprised by the appearance of *sixty armed refugees* at his lines, asking admission. They were from Waynesboro, East Tennessee, and were driven to this course by the attempt to conscript them into the rebel army.

THE PROCLAMATION OF FREEDOM.—The Washington correspondent of the New York Times holds the following emphatic language with reference to the future of the proclamation of emancipation:

"Let there be no fear about the action of the government, in any conceivable exigency growing out of this war, and connected with the president's proclamation of freedom. The strongest and wisest of the secretaries, with three other members of the cabinet, will fling their portfolios into the Potomac, sooner than yield a hair's breath of their conviction that the proclamation emancipated for ever and ever, and irrevocably, every slave embraced in its provisions."

Thomas Carlyle, by his attacks on "Black Quashee," and his extravagantly false statements as to the "industrial failure" in the West Indies, as also by his sympathy with mere force, however immoral it might be, first initiated the baneful reaction toward contempt for the negro. But I had no conception, till these events, to what length our upper classes could go. I hear the opinion expressed that, as soon as your success is a manifest and irrevocable fact, they will come over to you in shoals; but I don't believe that. I am sure that no ministry will dare to humor the enmity of the aristocracy against you, while our working classes will fraternize with you more and more, both in England and Ireland; but I look to see a deeper and deeper hatred against you and your aristocracy, the more the future of the world shall develop itself; for that future is American Republicanism, the foremost power on earth.—*English Correspondent.*

A SINGULAR CASE.—The reader will remember that F. H. Farr of this city was wounded at Murfreesboro, by a pistol shot through the tongue, and after remaining there near five months afterwards, returned to his home in this city. The wound in his tongue could not be healed up. Last week he felt a hard substance in it, which upon examination proved to be a large double tooth, which had been driven into it by the ball. Dr. Walker was called upon, and enlarged the wound by cutting, so that Mr. Farr was enabled to take it out with his fingers. This tooth had been in the tongue some seven months, without its presence there having been suspected. It is not at all surprising that Mr. Farr was unable to talk plain.—*Fond du Lac Press.*

TIT FOR TAT.—John Morgan's friends, in Kentucky, complain that he is not properly treated, in being set to work in the Ohio penitentiary. They say it is a gross outrage. The Louisville Journal comforts them by reminding them that Col. Woodruff, of Kentucky, and his companions, who were for a long time prisoners at Richmond, were forced to stem tobacco, and were kept very hard at work at that. In those days, it appears, John Morgan's friends used to laugh at Col. Woodruff having got to be a tobacco stemmer.

NOTICE is hereby given that in pursuance and by virtue of sec (14) fourteen chap (154) one hundred and fifty-four of the revised statutes of Wisconsin, I will sell at public auction on the 5th day of September next, at 3 o'clock P. M., in front of the shop of Hathaway & Hammond, on Jackson st., city of Janesville, one Top Buggy owned by J. D. Wadsworth and repaired by the undersigned at the request of said Wadsworth on or about the 1st of July, 1862. FLORENCE SEWING MACHINE.

OVER THE POST OFFICE.

THERE is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY,

Who take pleasure in placing their Machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantage of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stepping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our Machines will be promptly answered. Enclose a Letter Stamp and we will send circular and sample of work by return mail.

From Charleston.

The news to day from Charleston is exciting. Evidently there is something besides a two hours conflict going on, and the result must soon be known.

Republican State Convention.

This convention is in session to-day, but we have heard nothing from it. A dispatch last night from Madison to the Chicago Tribune says that the friends of Gov. Salomon and Secretary Lewis are both confident. We may be able to announce in an extra something efinite.

A Patriotic Position.

We commend to every reader the article we copy to day from the Green Bay Advocate in reference to the position of the democratic party in relation to the war, and the character of the ticket nominated by its recent state convention. Mr. Robinson had already proved the sincerity of his professions of friendship for the government by his support of it in the field, and now confirms it by his withdrawal from the advocacy of a ticket hostile to the measures adopted by that government in the prosecution of the war. We are gratified in being able to give the assurance that he is not alone in the patriotic position he has assumed, and to state that he will be sustained by many of the best and truest democrats in the state. Don't fail to read the article to which we allude.

What is the Use of Lying?

The Milwaukee News, in commenting upon the article which recently appeared in the Richmond Sentinel "in response to President Pierce and the New Hampshire democracy," after speaking of the "candor which marks every line of the article," says: "No objection whatever is urged against re union with such men as the New Hampshire democracy, upon the same basis upon which Virginia and New Hampshire stood for nearly a century without discontent." To show that this statement is utterly false, it is only necessary to quote a part of the article referred to by the News:—"This cruel war may stop if the north so wills it. When those (such men as the New Hampshire democracy) in the United States who are disposed to deal fairly with us *shall gain the rule*, we may in time begin to bury the many bitter memories which now add energy to our resentments, and may make with them *treaties* which shall be mutually advantageous. Perhaps hereafter good will may be revived again. *But union—never let it be mentioned! Never, never. It is impossible.* Let the democrats at the north content themselves with securing the next best thing. Let them frankly extend to us the *hand of peace*, and propose that the feuds and bitterness of the present be buried, and that the *two republics* be good neighbors and friends. *It is either this or the kill, burn, destroy, consume, annihilation of the fanatics. There is no middle course.*"

Perhaps the News has some secret information from Richmond upon which it bases its statement. If so, will it inform its readers what the information is? There is evidently something about the article which pleases the News. Perhaps it is that part which says that "Union" "is impossible" and should never "be mentioned." Or it may be that part of the article in which the Richmond masters advise "the democrats at the north" to "content themselves with securing the next best thing" to Union, and "frankly extend to" the rebels "the hand of peace," which band of course is to contain the celebrated "olive branch" which is to bury "the feuds and bitterness of the present," and thus enable the "two republics" to be hereafter "good neighbors and friends." The Richmond Sentinel intimates very strongly that Pierce and the New Hampshire democracy are the only democrats in *the north* who are in favor of having "peace" between the "two republics." But the Richmond *democrats* are evidently not booked in the sentiments and opinions of the northern wing of their party. Pierce and the New Hampshire democracy had certainly rendered themselves no more infamous among loyal men and no more treacherous to the cause of our bleeding country than the New York, Ohio, Illinois or Wisconsin democracy. And although the News seems to regret that the New Hampshire democracy is more highly appreciated in Richmond than the Wisconsin democracy, yet the News may be assured that the infamy of its party in this state will be preserved and will be appreciated by the next generation if not the present.

Morgan's Raid.—In Jackson county, Ohio, Morgan captured 290 horses, and the Union forces appropriated 46, valued in the aggregate at $29,700. The merchandise, cash and buggies stolen by Morgan was valued at $16,000. The damage done to the Portsmouth and Newark railroad will run up the total to about $50,000.

Resigned.—Capt. Miltimore gave us a [illegible] having resigned his posi-

The Next Congress.

The following is a classification of the next house of representatives, so far as elected, classifying those as administration who were supported by the friends of the administration, as the opposition certainly can lay no claim to men whom they bitterly opposed during the canvass:

	Adm.	Opp.
Connecticut	3	1
Illinois	5	9
Indiana	4	7
Iowa	6	—
Kansas	1	—
Kentucky	9	—
Maine	4	1
Massachusetts	10	—
Michigan	5	1
Minnesota	2	—
Missouri	5	4
New Hampshire	2	1
New Jersey	1	4
New York	14	17
Ohio	5	14
Oregon	1	—
Pennsylvania	13	11
Rhode Island	2	—
Wisconsin	3	3
	95	73

Conceding the nine members of Kentucky to the opposition, with whom they will only act in the event of the adoption of extreme radical measures by the administration men, and we have administration 86, opposition 82. The following is the opposition estimate of the result of the states yet to elect:

California	1	2
Delaware	—	1
Maryland	2	3
Vermont	3	—
West Virginia	2	1
	8	7

An administration majority is therefore secure.

From the Green Bay Advocate.

Political and Personal.

In another part of the paper will be found the ticket made up by the democratic convention which met at Madison on Wednesday of last week. We publish it as a part of the current news of the week. We shall not support it.

We took pains to be present at that convention, in order to know personally of its composition and action, and not to be dependent in making our decision upon the representations, one way or the other, upon others. We went there with a sincere desire of supporting its conclusions; and were determined that no slight objection should stand in the way of it. We hoped that that class of the democratic party which is in favor of supporting this war with a *vigor* not diminished *nor* qualified by conditions embarrassing the authorities, would be represented in such numbers as to tone down and make acceptable to the entire party, the doctrines of our more ultra brethren. In this we were disappointed. The convention *was in the hands* of the radicalists. No consideration was shown to the other side. The first act of the convention was to inflict upon the platform, in all its offensiveness, the so called Ryan address, which a large and respectable portion of the party believes to be wrong, and which almost every man in the party to be at least impolitic and uncalled for.

The second step was to endorse the resolutions of the Milwaukee convention, which were based upon the obnoxious and questionable dogmas lately put forth in Ohio and elsewhere, having no local or political application here, and not calling for endorsement in this state. The next steps were the confining of support of the existing war to certain bounds fixed according to men's ideas of its constitutionality; and the selection of candidates who are pledged to this sort of loyalty. The speeches made, the general tenor of inside and outside talk, and the pervading atmosphere of the convention, were of a kind which seemed to be intended and certainly had the effect to convince men who were known as war democrats, that they had no rights there. This is why we do not support the ticket.

There will be men and newspapers in the democratic party who will charge that we have left that party. *That charge*, if made by any one familiar with the political history of this state, will be made in the knowledge that it is false. The best years of our life have been spent in service in the democratic ranks. To-day, the 13th day of August, is the anniversary of the Green Bay Advocate. It has been published seventeen years. In all that time it has never uttered a false note; its opinions have never been misunderstood for want of frank expression; its course has never been evasive.

Through good report and evil report it has immovably stood by the Wisconsin democracy, because, whatever its tickets have been, its platforms and principles have been RIGHT. The Advocate stands in the same place to-day, unchanged in its democracy, and unshaken in its allegiance to the old traditions of the party. The history of the democratic party teaches loyalty to the country, and obedience to the laws and the legally constituted authorities. We shall hold fast to those antecedents; and if any or all of our old friends forget and depart from them, it will be they and not we who have gone out from the lines of the brave old organization.

We have no heart to comment on the position which many of our friends have taken. Old associations are almost as strong as the love of country. Good and intelligent men, men whom we respect, and with whom we have marched side by side through political service, are opposed to this war because they contend that illegalities and corruptions have crept into its management, and that the original purpose for which it was waged has been departed from. That may be so. That may not be so. For our own part we are content to shut our ears to what we may hear, and our eyes to what we may see, and give support to the country with whatever sincerity and ability we are endowed. If the men in authority trifle with such support, which not only we but myriads of others are laying upon the national altar, and pollute it to wrong uses, a just God will visit the judgment where it belongs.

The contest which we are passing through is not now a quarrel for the mastery of parties; it is a struggle for the fate of nations. We would no more enter it clad in our old party harness and manœuvering with our old party tactics, than we would enter upon celestial streets covered with the dust and fretted with the ambitions of earth. Let the President go his way. While he is chief officer of this nation, our fealty, our service, and our life are at his disposal. If he betrays us, may he find mercy this side of the grave, for there will hardly be any beyond.

The war democrats of Wisconsin have now a task to perform. In what way and how soon it will be presented to them we cannot now clearly see. But this month must not elapse without devolving a plan by which they can vot to sustain the country, and yet not abandon their old organization. In the mean time they will shot the guns and clear the deck for action.

Too Heavy a Load.—The democratic party of Ohio begins to find "poor, unhappy Vallandigham" too much of a load to carry, and now seeks to throw him off. The Germans are deserting him, and the war democrats are flocking to the standard of Brough by thousands. A Toledo paper asserts that an effort is being made to induce Vallandigham to withdraw entirely from the canvass. The load is greater

BY TELEGRAPH.

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE,
Office in Union Passenger Depot

Last Night's Report.

Rochester, N. Y., Aug. 18.

The secret conference of the "Constitutional Union" meeting this afternoon lasted three or four hours, during which Gerrit Davis, N. H. Wood and others participated in a comparison of views with regard to sustaining political organizations and their respective strength and aims. The reported conclusions arrived at being, that the restoration of peace and the re establishment of the Union can only be brought about by the organization of the conservative elements in the north upon a platform similar to that of the Union democracy of Kentucky.

A committee, Messrs. Davis of Kentucky, N. H. Wood of Wisconsin, R. F. Stevens of New York, S. W. Bailey of Whitehall, J. P. Faurot of Canandaigua, was appointed to prepare business for to-morrow, and submit an address.

The meeting is composed of about thirty delegates, and there does not appear to be any interested outsiders.

Washington, Aug. 18.

A dispatch received this morning by the government, dated 17th, from a distinguished military officer in Tennessee, stating that the Chattanooga Rebel of the 16th announced that the bombardment of Charleston began on the 15th, and the firing from Gilmore's land batteries on Morris Island, and from the monitors, was chiefly directed against Fort Sumter. The combined land and naval forces of the federals seemed to be engaged.

The information published in the rebel was received at Chattanooga by telegraph from Charleston, and the fight was going on when the paper went to press on Tuesday. The officer who communicates to the government the contents of the Rebel, says the editor, instead of making any boasts about the result, or manifesting the least jubilant feeling over the situation of affairs at Charleston, exhibits most positive evidence of gloom. The Rebel states that the Ironsides and all the monitors were not only in the action, but that the whole fleet and a large number of transports were inside the bar during the engagement.

A later dispatch says the bombardment of Charleston was renewed on Saturday morning, in earnest, from land and sea.

Gen. Gilmore opened from all his new and from his old works, and Rear Admiral Dahlgren engaged all the monitors.

New York, August 18.

A Fortress Monroe letter to the Herald says: "I am assured that Sumter is in a bad plight. Our heavy and long range guns are playing havoc on its walls, and it is stated that the side exposed to our batteries is already breached.

Springfield, Ill., August 18.

Special to Chicago Tribune.—It is reported here that the K. G. C.'s of Fulton county are fortifying to resist the government. I learn that they desire Col. L. W. Ross to lead them, but I doubt if he is prepared to take such a step. He is a peace and anti-coercion democrat, however.—Troops left here to-day for that part of the state, to reinforce those already there. The Fulton County Democrats threatens that it will take twenty times two companies of cavalry to clean out Fulton county. The K. G. C.'s are better organized in that part of the state than in any other.

The parties arrested in Fulton county charged with obstructing the enrollment and firing upon the troops, have arrived here. They appeared before Judge Treat, of the United States district court, waived an examination, and gave bail in the sum of $1,000 each for their appearance at the next term. Their names are John Graham, Franklin Brown, Joseph Brown, John Brown and Platte Lane.

Gen. McClernand leaves here to morrow, to attend the Union mass meeting at Indianapolis.

At *Lincoln* to-day, a copperhead said in the presence of a returned sick soldier that he would—*a la* Treasurer Starne—"sooner fight for Jeff. Davis, than Abe Lincoln." The soldier immediately knocked him down and beat him badly.

At Clinton, DeWit county, a day or two since, some furloughed soldiers of Grant's army compelled some seventeen copperheads in one crowd to take off and give up their badges. The next day the copperheads came in armed, to the number of 20 or 30, with badges, and supported by a number of friends. About seventeen soldiers immediately got together, armed themselves, met the copperheads and demanded that the badges be given up. They were given up. The soldiers then said that they were just as ready to fight traitors at home as rebels abroad, and that the next time the badges were worn they would shoot first and take them off afterwards. After this last case the K. G. C's immediately held an indignation meeting.

Sixteen deserters were brought in from the Peoria district to day.

San Francisco, Aug. 18.

The St. Louis brings, via Acapulco, dates from the City of Mexico to the 23d of July. Gen. Forey is issuing decrees daily in French and Mexican.

The newspapers are urging the recognition of the southern confederacy. They state that France will recognize the confederacy. Mexican jealously and feeling is provoked against the United States, which is styled a "nation of robbers."

The Triumvirate Pronunciamento says the northern states are for Juarez, and the confederacy for the Mexican monarchy. Everything looks to the immediate recognition of the confederacy by Mexico.

Guerrilla fighting continues on the roads leading to the city of Mexico. The Mexicans take no prisoners, but slay all.

There had been numerous assassinations of French sympathizers in the city.

The Triumvirate government were daily imprisoning and shooting persons who refuse to take the oath of allegiance to the empire. Mexicans were publicly flogged for refusing to quarter French officers. A lady named Rubie had received 200 lashes for refusing to receive French officers in her house. Her husband offered to pay as a fine her weight in silver, but Gen. Forey insisted on making an example.

The foreign ministers had refused to remove to San Louis Potosi, on the offer of Juarez to protect their transit.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DISPATCHES.

Washington, August 18.

Herald's special.—Last week one of our scouts crossed the river at United States Ford and took dinner with some of the rebels upon the Chancellorville battle ground. A large gang of negroes was employed in getting out timber for the construction of bridges. Reports are in circulation among rebels to the effect that the United States and Banks Fords were to be bridged, so as to enable Lee to make a rapid advance upon Dumfries and Fairfax, thereby cutting off our communication with Washington, and forcing us to attack him. Whether such a movement is still contemplated by the enemy or not remains to be determined, but it is generally believed in military circles that Lee will avail the decimated condition of our ranks to make a desperate effort for the destruction of the Army of the Potomac. It is not at all improbable that the rebels will attack us, and we may yet have the annual struggle on the plains of Manassas and Bull Run.

Affairs at Centerville remain quiet. Gen. King has been searching energetically for Mosby, and has at length succeeded in driving him beyond the Blue Ridge. A notorious guerrilla chief is now in the Shenandoah Valley, where he has been joined by White's gang. The probabilities are that the guerrillas will not now escape.—Our cavalry is close upon them, and unless unusually good fortune attends them, they cannot evade us.

The Tribune's Washington special states that it is understood that important dispatches showing the complicity of the executive of New York and others with the rioters have been received by the authorities here. It is thought Governor Seymour will not persist in following the mistaken course into which he was beguiled by the Woods and other parties.

Flag Ship Dinsmore,
Off Charleston, S. C., August 16th, 1863.

Since Monday events here have been rather monotonous. We have been exchanging shell and shot with the rebels night and day, probably with but little damage to either side. The enemy's object was to retard Gen. Gilmore's siege works, but they have all been perfected for several days. The intention to open the general attack on the 13th was abandoned on account of some difficulty as to the artillery of our army and ammunition, and owing to serious indisposition of Gen. Gilmore. He is, however, much better. The opening of our heavy siege work will commence at daylight to-morrow.

Our shore batteries in getting range of their guns yesterday and day before, knocked three holes in the walls of Sumter. A general impression prevails that the rebels are evacuating Sumter, and will blow it up soon as the assault commences. Out of nearly 30 guns on the parapets ten days ago, but six now remain, and most of those in the casemates had previously disappeared. The rebels have erected a line of earthworks a mile long on James Island from Fort Johnson to Secessionville, although they have but a few guns mounted, supposed to be the removed Sumter's guns.

Our picket boats around Sumter report great activity every night among schooners, steamers, &c. Weather fine, with a very calm sea, and most favorable for operations. Sun hot, but good sea breeze, and occasional thunder showers. Everything is now in readiness on sea and shore, and all looking forward to the work of to-morrow, and certain of success. Reinforcements continue to arrive daily, and there is quite a large army now on the islands. Wednesday night the rebels fired on our works with grape and cannister, on information received from two suttlers who deserted to the enemy. We lost two killed and two wounded.

The monitors went up in the night and opened on Wagner and the rebel guns were soon silenced. Admiral ——— went on board the Pattapsco, laying her under the guns of Wagner, and came *near being taken* off by a 10 inch shot. The indications are that the rebels will depend principally on obstructions and their interior line of defenses. In the attack to morrow, the Iron sides will engage Wagner and keep her silent, whilst the monitors and shore batteries engage Sumter. The wooden fleet, and mortar schooners will engage Moultrie. It will be a grand affair. The rebel works on James Island indicate an attempt on the part of the rebels to drive Gilmore off James Island, or to so annoy him as to interfere with his siege of Sumter.

AFTERNOON DISPATCHES.

New York, Aug. 19.

Very Latest—Charleston, Aug. 16—5 o'clock p. m. The rebels have piled sand bags on the wharf against the rear wall of Sumter, forty feet high, completely protecting the magazines from Gilmore's shore batteries. But few shots were fired during Sunday. It is generally understood that an assault will be made to-morrow. The weather is promising favorably for operations. Gen. Gilmore's health is much better.

A private note dated off Morris Island 5 p. m. on the 16th, says we will have Ft. Sumter to morrow certain.

New York, August 19—noon.

The draft in the 6th district is progressing. No trouble any where, nor any apprehended. Business progressing as usual.

Steamer Empire City, from Charleston 15th, 5 p. m., has arrived. The Port Royal New South says the rebel steamer Robt. Hobershaw exploded her boiler in the Savannah river, destroying the vessel and killing all the crew.

Gen. Mercier, commanding at Savannah, is impressing one-fifth of all able-bodied slaves of Georgia for work on the fortifications. All the negroes in Savannah have been set to work on the fortifications. Several heavy guns have been sent from Savannah to Charleston. The ram Savannah, mate to the Atlantic, came down the river on the 10th, intending to run out, but broke one engine and had to return.

New York, Aug. 19.

Flour, fresh ground, 1,65a4,95 extra state; 5,15a5,40 for R H O. Wheat quiet, prime scarce and firm, common dull and drooping; 87a1,10 for spring; 92a1,18 for Mil. club; 1,15a1,24 for winter red. Corn dull at 68a68½.

The Tribune has the following from the headquarters of the Army of the Potomac, 17th:

There are emphatic symptoms of a movement in this army. Troops left Alexandria for New York last evening, and more will doubtless follow. The time not having arrived for an advance on Richmond, the Army of the Potomac will probably retire to points near Washington, to defend that and the line of the Potomac, and after operations at the south have been successful, will renew its march on the rebel capital, in conjunction with troops approaching from other directions.

Washington, August 18.

The Tribune's dispatch from Charleston, via Fort Monroe, this morning, says that Friday and Saturday the bombardment was terrific. The action of the sea on Sunday prevented our gunboats from working, but they were expected to join in the attack Monday. A dispatch says there was a report that Gilmore had succeeded in reaching Charleston with one of his long range guns, and had thrown shot into the city to such an extent as to call forth a flag of truce from Beauregard. There is no official confirmation of this, nor is it believed.

Another Sacrifice.—By a private note from Mr. Cover, of the Grant County Herald, we learn of the death, on Sunday, the 16th inst., at his home in Platteville, of Lieut. Col. Nasmith, of the 25th Wisconsin. His disease was a fever contracted in the Mississippi campaign. The funeral was to be at Platteville yesterday, and would probably be largely attended from all parts of the county. Thus has fallen another sacrifice to this accursed rebellion, leaving a wife and children and many friends to mourn his loss.

Lieut. Col. Nasmith entered the army and served till about a year ago as captain in the 7th regiment, of the Iron Brigade, whence he was appointed to the 25th regiment. Both as a line and field officer he served his country faithfully and well, taking excellent care of his men and bravely

Newspaper Postage.—Some papers are still unable to comprehend the rates of postage on newspapers as established under the new law. The following statement is so plain that it cannot be misunderstood:

The postage to regular newspaper subscribers is less than *half a cent a* paper—payable in advance at the office of delivery. Thus five cents will pay three months postage for a weekly paper, fifteen for a tri-weekly paper, thirty cents for a daily paper. So that the postage on a daily paper is only $1.20 year, paid quarterly in advance.

Peace Meetings in the North.—The Charleston Courier has the candor and boldness to avow what its copperhead associates endeavor to conceal. It says:

"The peace meetings sowed the seed which have borne fruit—bold deeds, savage defiances, obstinate resistance, furious attacks, the fire brand, the bludgeon, the knife, the pistol have come into play—these are the fruits of those assemblages that have been condemned and cursed, and defied the tyrant and his hirelings. God grant they may bear fruit still more abundantly."

Conscripts from Massachusetts.—On the 9th, 1,200 conscripts sailed from Boston—800 for Alexandria and 400 for Newbern.

☞ From six to eight thousand rebel prisoners are soon to be transferred from Camp Chase, Ohio, to Camp Douglas, Chicago.

Green Tomato Pickle.—Contributed to the Agriculturalist by Mrs. Mary A. G. Weeks, Essex county, N. J: Slice the tomatoes, with one eighth to one sixth as many onions; lay them down in jars, sprinkling in fine salt at the rate of about an ordinary tea cupful to eight gallons of the sliced fruit. Let them stand over night, drain; add a few green cayenne pepper pods and nasturtiums. Chop until not larger than grains of corn; drain thoroughly; pack in jars, adding white mustard seed, unground cinnamon, and bruised (not ground) clover. Pour on cold vinegar, cover with a plate *within* the jar, to keep the pickle under the vinegar.

Pickled Cabbage.—Contributed to the Agriculturist by "Aunt Mary," Rocester, New York. Cut the heads into quarters, let them stand a short time in cold water. Chop them fine, together with one celery, sufficient to season it. Fill small jars or glass cans, with these ingredients; make a sweet pickle of molasses and vinegar, season with plenty of red pepper and cinnamon, and other spices to the taste, boil all together a few moments and pour over the cabbage while hot. Cork the cans and place in the cellar. This should not be eaten under three or four weeks. It is a nice relish at any time after sufficient pickling, with cold meats, etc.

The political character of John Conness, United States senator from California, has been authoritatively settled. A distinguished member of the cabinet to day said: "The California senator is in character a combination in equal parts of Ben Wade and David Broderick. He is a man of conscience and courage." Mr. Conness, before going to visit his friends in Illinois, left behind his assurance that the Unionists of California would carry that state in the coming election by 50,000 majority.

ALWAYS GET THE BEST.—Especially in getting Saleratus—as the best costs but a trifle for a year's supply, and the good costs but a trifle more than the poor. The best goes farther than the poor and is much more healthy. We can recommend the Chemical Saleratus to be the best. aug18d&w1w

From Charleston.

The news to day from Charleston is exciting. Evidently there is something besides a two hours conflict going on, and the result must soon be known.

Republican State Convention.

This convention is in session to-day, but we have heard nothing from it. A dispatch last night from Madison to the Chicago Tribune says that the friends of Gov. Salomon and Secretary Lewis are both confident. We may be able to announce in an extra something definite.

A Patriotic Position.

We commend to every reader the article we copy to-day from the Green Bay Advocate in reference to the position of the democratic party in relation to the war, and the character of the ticket nominated by its recent state convention. Mr. Robinson had already proved the sincerity of his professions of friendship for the government by his support of it in the field, and now confirms it by his withdrawal from the advocacy of a ticket hostile to the measures adopted by that government in the prosecution of the war. We are gratified in being able to give the assurance that he is not alone in the patriotic position he has assumed, and to state that he will be sustained by many of the best and truest democrats in the state. Don't fail to read the article to which we allude.

What is the Use of Lying?

The Milwaukee News, in commenting upon the article which recently appeared in the Richmond Sentinel "in response to President Pierce and the New Hampshire democracy," after speaking of the "candor which marks every line of the article," says: "No objection whatever is urged against re-union with such men as the New Hampshire democracy, upon the same basis upon which Virginia and New Hampshire stood for nearly a century without discontent." To show that this statement is utterly false, it is only necessary to quote a part of the article referred to by the News:—"This cruel war may stop if the north so wills it. When those (such men as the New Hampshire democracy) in the United States who are disposed to deal fairly with us *shall gain the rule*, we may in time begin to bury the many bitter memories which now add energy to our resentments, and may make with them *treaties* which shall be mutually advantageous. Perhaps hereafter good will may be revived again. *But union—never let it be mentioned! Never, never. It is impossible.* Let the democrats at the north content themselves with securing the next best thing. Let them frankly extend to us the *hand of peace*, and propose that the feuds and bitterness of the present be buried, and that the *two republics* be good neighbors and friends. *It is either this or the kill, burn, destroy, consume, annihilation of the fanatics. There is no middle course.*"

Perhaps the News has some secret information from Richmond upon which it bases its statement. If so, will it inform its readers what the information is? There is evidently something about the article which pleases the News. Perhaps it is that part which says that "Union" "is impossible" and should never "be mentioned." Or it may be that part of the article in which the Richmond masters advise "the democrats at the north" to "content themselves with securing the next best thing" to Union, and "frankly extend to" the rebels "the hand of peace," which hand of course is to contain the celebrated "olive branch" which is to bury "the feuds and bitterness of the present," and thus enable the "two republics" to be hereafter "good neighbors and friends." The Richmond Sentinel intimates very strongly that Pierce and the New Hampshire democracy are the only democrats in *the north* who are in favor of having "peace" between the "two republics." But the Richmond *democrats* are evidently not booked in the sentiments and opinions of the northern wing of their party. Pierce and the New Hampshire democracy had certainly rendered themselves no more infamous among loyal men and no more treacherous to the cause of our bleeding country than the New York, Ohio, Illinois or Wisconsin democracy. And although the News seems to regret that the New Hampshire democracy is more highly appreciated in Richmond than the Wisconsin democracy, yet the News may be assured that the infamy of its party in this state will be preserved and will be appreciated by the next generation if not the present.

MORGAN'S RAID.—In Jackson county, Ohio, Morgan captured 290 horses, and the Union forces appropriated 45, valued in the aggregate at $29,700. The merchandise, cash and buggies stolen by Morgan was valued at $16,000. The damage done to the Portsmouth and Newark railroad will run up the total to about $50,000.

RESIGNED.—Capt. Miltimore gave us a call this morning, having resigned his posi-

The Next Congress.

The following is a classification of the next house of representatives, so far as elected, classifying those as administration who were supported by the friends of the administration, as the opposition certainly can lay no claim to men whom they bitterly opposed during the canvass:

	Adm.	Opp.
Connecticut	3	1
Illinois	5	9
Indiana	4	7
Iowa	6	—
Kansas	1	—
Kentucky	9	—
Maine	4	1
Massachusetts	10	—
Michigan	5	1
Minnesota	2	—
Missouri	5	4
New Hampshire	2	1
New Jersey	1	4
New York	14	17
Ohio	5	14
Oregon	1	—
Pennsylvania	13	11
Rhode Island	2	—
Wisconsin	3	3
	95	73

Conceding the nine members of Kentucky to the opposition, with whom they will only act in the event of the adoption of extreme radical measures by the administration men, and we have administration 86, opposition 82. The following is the opposition estimate of the result of the states yet to elect:

California	1	2
Delaware	—	1
Maryland	2	3
Vermont	3	—
West Virginia	2	1
	8	7

An administration majority is therefore secure.

From the Green Bay Advocate.

Political and Personal.

In another part of the paper will be found the ticket made up by the democratic convention which met at Madison on Wednesday of last week. We publish it as a part of the current news of the week. We shall not support it.

We took pains to be present at that convention, in order to know personally of its composition and action, and not to be dependent in making our decision upon the representations, one way or the other, upon others. We went there with a sincere desire of supporting its conclusions; and were determined that no slight objection should stand in the way of it. We hoped that that class of the democratic party which is in favor of supporting this war with a vigor not diminished nor qualified by conditions embarrassing the authorities, would be represented in such numbers as to tone down and make acceptable to the entire party, the doctrines of our more ultra brethren. In this we were disappointed. The convention was in the hands of the radicalists. No consideration was shown to the other side. The first act of the convention was to inflict upon the platform, in all its offensiveness, the so-called Ryan address, which a large and respectable portion of the party believes to be wrong, and which almost every man in the party to be at least impolitic and uncalled for.

The second step was to endorse the resolutions of the Milwaukee convention, which were based upon the obnoxious and questionable dogmas lately put forth in Ohio and elsewhere, having no local or political application here, and not calling for endorsement in this state. The next steps were the confining of support of the existing war to certain bounds fixed according to men's ideas of its constitutionality; and the selection of candidates who are pledged to this sort of loyalty. The speeches made, the general tenor of inside and outside talk, and the pervading atmosphere of the convention, were of a kind which seemed to be intended and certainly had the effect to convince men who were known as war democrats, that they had no rights there. This is why we do not support the ticket.

There will be men and newspapers in the democratic party who will charge that we have left that party. That charge, if made by any one familiar with the political history of this state, will be made in the knowledge that it is false. The best years of our life have been spent in service in the democratic ranks. To-day, the 13th day of August, is the anniversary of the Green Bay Advocate. It has been published seventeen years. In all that time it has never uttered a false note; its opinions have never been misunderstood for want of frank expression; its course has never been evasive.

Through good report and evil report it has immovably stood by the Wisconsin democracy, because, whatever its tickets have been, its platforms and principles have been RIGHT. The Advocate stands in the same place to-day, unchanged in its democracy, and unshaken in its allegiance to the old traditions of the party. The history of the democratic party teaches loyalty to the country, and obedience to the laws and the legally constituted authorities. We shall hold fast to those antecedents; and if any or all of our old friends forget and depart from them, it will be they and not we who have gone out from the lines of the brave old organization.

We have no heart to comment on the position which many of our friends have taken. Old associations are almost as strong as the love of country. Good and intelligent men, men whom we respect, and with whom we have marched side by side through political service, are opposed to this war because they contend that illegalities and corruptions have crept into its management, and that the original purpose for which it was waged has been departed from. That may be so. That may not be so. For our own part we are content to shut our ears to what we may hear, and our eyes to what we may see, and give support to the country with whatever sincerity and ability we are endowed. If the men in authority trifle with such support, which not only we but myriads of others are laying upon the national altar, and pollute it to wrong uses, a just God will visit the judgment where it belongs.

The contest which we are passing through is not now a quarrel for the mastery of parties; it is a struggle for the fate of nations. We would no more enter it clad in our old party harness and manœuvering with our old party tactics, than we would enter upon celestial streets covered with the dust and fretted with the ambitions of earth. Let the President go his way. While he is chief officer of this nation, our fealty, our service, and our life are at his disposal. If he betrays us, may he find mercy this side of the grave, for there will hardly be any beyond.

The war democrats of Wisconsin have now a task to perform. In what way and how soon it will be presented to them we cannot now clearly see. But this month must not elapse without devolving a plan by which they can vote to sustain the country, and yet not abandon their old organization. In the mean time they will shot the guns and clear the deck for action.

TOO HEAVY A LOAD.—The democratic party of Ohio begins to find "poor, unhappy Vallandigham" too much of a load to carry, and now seeks to throw him off. The Germans are deserting him, and the war democrats are flocking to the standard of Brough by thousands. A Toledo paper asserts that an effort is being made to induce Vallandigham to withdraw entirely from the canvass. The load is greater

BY TELEGRAPH.

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE, Office in Union Passenger Depot

Last Night's Report.

ROCHESTER, N. Y., Aug. 18.

The secret conference of the "Constitutional Union" meeting this afternoon lasted three or four hours, during which Gerrit Davis, N. H. Wood and others participated in a comparison of views with regard to sustaining political organizations and their respective strength and aims. The reported conclusions arrived at being, that the restoration of peace and the re-establishment of the Union can only be brought about by the organization of the conservative elements in the north upon a platform similar to that of the Union democracy of Kentucky.

A committee, Messrs. Davis of Kentucky, N. H. Wood of Wisconsin, R. F. Stevens of New York, S. W. Bailey of Whitehall, J. P. Faurot of Canandaigua, was appointed to prepare business for to-morrow, and submit an address.

The meeting is composed of about thirty delegates, and there does not appear to be any interested outsiders.

WASHINGTON, Aug. 18.

A dispatch received this morning by the government, dated 17th, from a distinguished military officer in Tennessee, stating that the Chattanooga Rebel of the 16th announced that the bombardment of Charleston began on the 15th, and the firing from Gilmore's land batteries on Morris Island, and from the monitors, was chiefly directed against Fort Sumter. The combined land and naval forces of the federals seemed to be engaged.

The information published in the rebel was received at Chattanooga by telegraph from Charleston, and the fight was going on when the paper went to press on Tuesday. The officer who communicates to the government the contents of the Rebel, says the editor, instead of making any boasts about the result, or manifesting the least jubilant feeling over the situation of affairs at Charleston, exhibits most positive evidence of gloom. The Rebel states that the Ironsides and all the monitors were not only in the action, but that the whole fleet and a large number of transports were inside the bar during the engagement.

A later dispatch says the bombardment of Charleston was renewed on Saturday morning, in earnest, from land and sea.

Gen. Gilmore opened from all his new and from his old works, and Rear Admiral Dahlgren engaged all the monitors.

NEW YORK, August 18.

A Fortress Monroe letter to the Herald says: "I am assured that Sumter is in a bad plight. Our heavy and long range guns are playing havoc on its walls, and it is stated that the side exposed to our batteries is already breached.

SPRINGFIELD, Ill., August 18.

Special to Chicago Tribune.—It is reported here that the K. G. C.'s of Fulton county are fortifying to resist the government. I learn that they desire Col. L. W. Ross to lead them, but I doubt if he is prepared to take such a step. He is a peace and anti-coercion democrat, however.—Troops left here to-day for that part of the state, to reinforce those already there. The Fulton County Democrats threatens that it will take twenty times two companies of cavalry to clean out Fulton county. The K. G. C.'s are better organized in that part of the state than in any other.

The parties arrested in Fulton county charged with obstructing the enrollment and firing upon the troops, have arrived here. They appeared before Judge Treat, of the United States district court, waived an examination, and gave bail in the sum of $1,000 each for their appearance at the next term. Their names are John Graham, Franklin Brown, Joseph Brown, John Brown and Platte Lane.

Gen. McClernand leaves here to-morrow, to attend the Union mass meeting at Indianapolis.

At Lincoln to-day, a copperhead said in the presence of a returned sick soldier that he would—*a la* Treasurer Starne—"sooner fight for Jeff. Davis, than Abe Lincoln," The soldier immediately knocked him down and beat him badly.

At Clinton, DeWit county, a day or two since, some furloughed soldiers of Grant's army compelled some seventeen copperheads in one crowd to take off and give up their badges. The next day the copperheads came in armed, to the number of 20 or 30, with badges, and supported by a number of friends. About seventeen soldiers immediately got together, armed themselves, met the copperheads and demanded that the badges be given up. They were given up. The soldiers then said that they were just as ready to fight traitors at home as rebels abroad, and that the next time the badges were worn they would shoot first and take them off afterwards. After this last case the K. G. C's immediately held an indignation meeting.

Sixteen deserters were brought in from the Peoria district to-day.

SAN FRANCISCO, Aug. 18.

The St. Louis brings, via Acapulco, dates from the City of Mexico to the 23d of July. Gen. Forey is issuing decrees daily in French and Mexican.

The newspapers are urging the recognition of the southern confederacy. They state that France will recognize the confederacy. Mexican jealously and feeling is provoked against the United States, which is styled a "nation of robbers."

The Triumvirate Pronunciamento says the northern states are for Juarez, and the confederacy for the Mexican monarchy. Everything looks to the immediate recognition of the confederacy by Mexico.

Guerrilla fighting continues on the roads leading to the city of Mexico. The Mexicans take no prisoners, but slay all.

There had been numerous assassinations of French sympathizers in the city.

The Triumvirate government were daily imprisoning and shooting persons who refuse to take the oath of allegiance to the empire. Mexicans were publicly flogged for refusing to quarter French officers. A lady named Rubie had received 200 lashes for refusing to receive French officers in her house. Her husband offered to pay as a fine her weight in silver, but Gen. Forey insisted on making an example.

The foreign ministers had refused to remove to San Louis Potosi, on the offer of Juarez to protect their transit.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DISPATCHES.

WASHINGTON, August 18.

Herald's special.—Last week one of our scouts crossed the river at United States Ford and took dinner with some of the rebels upon the Chancellorville battle ground. A large gang of negroes was employed in getting out timber for the construction of bridges. Reports are in circulation among rebels to the effect that the United States and Banks Fords were to be bridged, so as to enable Lee to make a rapid advance upon Dumfries and Fairfax, thereby cutting off our communication with Washington, and forcing us to attack him. Whether such a movement is still contemplated by the enemy or not remains to be determined, but it is generally believed in military circles that Lee will avail himself of the opportunity now offered by the decimated condition of our ranks to make a desperate effort for the destruction of the Army of the Potomac. It is not at all improbable that the rebels will attack us, and we may yet have the annual struggle on the plains of Manassas and Bull Run.

Affairs at Centerville remain quiet. Gen. King has been searching energetically for Mosby, and has at length succeeded in driving him beyond the Blue Ridge. A notorious guerrilla chief is now in the Shenandoah Valley, where he has been joined by White's gang. The probabilities are that the guerrillas will not now escape.—Our cavalry is close upon them, and unless unusually good fortune attends them, they cannot evade us.

The Tribune's Washington special states that it is understood that important dispatches showing the complicity of the executive of New York and others with the rioters have been received by the authorities here. It is thought Governor Seymour will not persist in following the mistaken course into which he was beguiled by the Woods and other parties.

FLAG SHIP DINSMORE,
OFF CHARLESTON, S. C., August 16th, 1863.

Since Monday events here have been rather monotonous. We have been exchanging shell and shot with the rebels night and day, probably with but little damage to either side. The enemy's object was to retard Gen. Gilmore's siege works, but they have all been perfected for several days. The intention to open the general attack on the 13th was abandoned on account of some difficulty as to the artillery of our army and ammunition, and owing to serious indisposition of Gen. Gilmore. He is, however, much better. The opening of our heavy siege work will commence at daylight to-morrow.

Our shore batteries in getting range of their guns yesterday and day before, knocked three holes in the walls of Sumter. A general impression prevails that the rebels are evacuating Sumter, and will blow it up soon as the assault commences. Out of nearly 30 guns on the parapets ten days ago, but six now remain, and most of those in the casemates had previously disappeared. The rebels have erected a line of earthworks a mile long on James Island from Fort Johnson to Secessionville, although they have but a few guns mounted, supposed to be the removed Sumter's guns.

Our picket boats around Sumter report great activity every night among schooners, steamers, &c. Weather fine, with a very calm sea, and most favorable for operations. Sun hot, but good sea breeze, and occasional thunder showers. Everything is now in readiness on sea and shore, and all looking forward to the work of to-morrow, and certain of success. Reinforcements continue to arrive daily, and there is quite a large army now on the islands. Wednesday night the rebels fired on our works with grape and cannister, on information received from two suttlers who deserted to the enemy. We lost two killed and two wounded.

The monitors went up in the night and opened on Wagner and the rebel guns were soon silenced. Admiral ——— went on board the Pattapsco, laying her under the guns of Wagner, and came near being taken off by a 10 inch shot. The indications are that the rebels will depend principally on obstructions and their interior line of defenses. In the attack to-morrow, the Iron sides will engage Wagner and keep her silent, whilst the monitors and shore batteries engage Sumter. The wooden fleet, and mortar schooners will engage Moultrie. It will be a grand affair. The rebel works on James Island indicate an attempt on the part of the rebels to drive Gilmore off James Island, or to so annoy him as to interfere with his siege of Sumter.

AFTERNOON DISPATCHES.

NEW YORK, Aug. 19.

VERY LATEST—Charleston, Aug. 16—5 o'clock p. m. The rebels have piled sand bags on the wharf against the rear wall of Sumter, forty feet high, completely protecting the magazines from Gilmore's shore batteries. But few shots were fired during Sunday. It is generally understood that an assault will be made to-morrow. The weather is promising favorably for operations. Gen. Gilmore's health is much better.

A private note dated off Morris Island 5 p. m. on the 16th, says we will have Ft. Sumter to morrow certain.

NEW YORK, August 19—noon.

The draft in the 6th district is progressing. No trouble any where, nor any apprehended. Business progressing as usual.

Steamer Empire City, from Charleston 15th, 5 p. m., has arrived. The Port Royal New South says the rebel steamer Robt. Hobershaw exploded her boiler in the Savannah river, destroying the vessel and killing all the crew.

Gen. Mercier, commanding at Savannah, is impressing one-fifth of all able-bodied slaves of Georgia for work on the fortifications. All the negroes in Savannah have been set to work on the fortifications. Several heavy guns have been sent from Savannah to Charleston. The ram Savannah, mate to the Atlantic, came down the river on the 10th, intending to run out, but broke one engine and had to return.

NEW YORK, Aug. 19.

Flour, fresh ground, 4,65a4,95 extra state; 5,15a5,40 for R H O. Wheat quiet, prime scarce and firm, common dull and drooping; 87a1,10 for spring; 92a1,13 for Mil. club; 1,15a1,24 for winter red, Corn dull at 68a68½.

The Tribune has the following from the headquarters of the Army of the Potomac, 17th:

There are emphatic symptoms of a movement in this army. Troops left Alexandria for New York last evening, and more will doubtless follow. The time not having arrived for an advance on Richmond, the Army of the Potomac will probably retire to points near Washington, to defend that and the line of the Potomac, and after operations at the south have been successful, will renew its march on the rebel capital, in conjunction with troops approaching from other directions.

WASHINGTON, August 18.

The Tribune's dispatch from Charleston, via Fort Monroe, this morning, says that Friday and Saturday the bombardment was terrific. The action of the sea on Sunday prevented our gunboats from working, but they were expected to join in the attack Monday. A dispatch says there was a report that Gilmore had succeeded in reaching Charleston with one of his long range guns, and had thrown shot into the city to such an extent as to call forth a flag of truce from Beauregard. There is no official confirmation of this, nor is it believed.

ANOTHER SACRIFICE.—By a private note from Mr. Cover, of the Grant County Herald, we learn of the death, on Sunday, the 16th inst., at his home in Platteville, of Lieut. Col. Nasmith, of the 25th Wisconsin. His disease was a fever contracted in the Mississippi campaign. The funeral was to be at Platteville yesterday, and would probably be largely attended from all parts of the county. Thus has fallen another sacrifice to this accursed rebellion, leaving a wife and children and many friends to mourn his loss.

Lieut. Col. Nasmith entered the army and served till about a year ago as captain in the 7th regiment, of the Iron Brigade, whence he was appointed to the 25th regiment. Both as a line and field officer he served his country faithfully and well, taking excellent care of his men and bravely leading them to duty.—*Madison Journal.*

NEWSPAPER POSTAGE.—Some papers are still unable to comprehend the rates of postage on newspapers as established under the new law. The following statement is so plain that it cannot be misunderstood:

The postage to regular newspaper subscribers is less than *half a cent a* paper—payable in advance at the office of delivery. Thus five cents will pay three months postage for a weekly paper, fifteen for a tri-weekly paper, thirty cents for a daily paper. So that the postage on a daily paper is only $1,20 year, paid quarterly in advance.

PEACE MEETINGS IN THE NORTH.—The Charleston Courier has the candor and boldness to avow what its copperhead associates endeavor to conceal. It says:

"The peace meetings sowed the seed which have borne fruit—bold deeds, savage defiances, obstinate resistance, furious attacks, the fire brand, the bludgeon, the knife, the pistol, have come into play—these are the fruits of those assemblages that have been condemned and cursed, and defied the tyrant and his hirelings. God grant they may bear fruit still more abundantly."

CONSCRIPTS FROM MASSACHUSETTS.—On the 9th, 1,200 conscripts sailed from Boston—800 for Alexandria and 400 for Newbern.

☞ From six to eight thousand rebel prisoners are soon to be transferred from Camp Chase, Ohio, to Camp Douglas, Chicago.

GREEN TOMATO PICKLE.—Contributed to the Agriculturalist by Mrs. Mary A. G. Weeks, Essex county, N. J.: Slice the tomatoes, with one-eighth to one-sixth as many onions; lay them down in jars, sprinkling in fine salt at the rate of about an ordinary tea cupful to eight gallons of the sliced fruit. Let them stand over night, drain; add a few green cayenne pepper pods and nasturtiums. Chop until not larger than grains of corn; drain thoroughly; pack in jars, adding white mustard seed, unground cinnamon, and bruised (not ground) clover. Pour on cold vinegar, cover with a plate *within* the jar, to keep the pickle under the vinegar.

PICKLED CABBAGE.—Contributed to the Agriculturist by "Aunt Mary," Rocester, New York. Cut the heads into quarters, let them stand a short time in cold water. Chop them fine, together with nice celery, sufficient to season it. Fill small jars or glass cans, with these ingredients; make a sweet pickle of molasses and vinegar, season with plenty of red pepper and cinnamon, and other spices to the taste, boil all together a few moments and pour over the cabbage while hot. Cork the cans and place in the cellar. This should not be eaten under three or four weeks. It is a nice relish at any time after sufficient pickling, with cold meats, etc.

The political character of John Connese, United States senator from California, has been authoritatively settled. A distinguished member of the cabinet to-day said: "The California senator is in character a combination in equal parts of Ben Wade and David Broderick. He is a man of conscience and courage." Mr. Conness, before going to visit his friends in Illinois, left behind his assurance that the Unionists of California would carry that state in the coming election by 50,000 majority.

ALWAYS GET THE BEST.—Especially in getting Saleratus—as the best costs but a trifle for a year's supply, and the good costs but a trifle more than the poor. The best goes farther than the poor, and is much more healthy. We can recommend the Chemical Saleratus to be the best. aug15d1dw1w

HATHAWAY & HAMMOND, Carriage Mak'rs

(Successors to L. F. HATHAWAY)

Jackson St. opposite Presbyterian Church.

WE are now conducting one of the best Carriage manufactories in the West. The personal attention and labor of the partners are directed to the most important branches of the work—Mr. Hathaway superintending and working at the wood work, and Mr. Hammond having charge of the trimming. We feel satisfied that we can turn out from our shop

AS GOOD WORK

as can be had from Chicago, or any of the eastern cities from which work is now ordered.

We use only the very best quality of second growth eastern timber, oil tempered springs, and case-hardened axles, and employ none but the best workmen in any department of our business.

We have now on hand of our own manufacture—Light two-seated Carriages, extension tops, for one or two horses; light two seated open Buggies, Top Buggies, single open Buggies, &c.

We would call especial attention to our light

EUREKA ROCKAWAYS,

Single Park Phaetons, Coal Box Buggies, and many others, too numerous to mention, all of which we will sell for the next sixty days for a very small profit, and less than the same can be bought for in the State. All our work warranted.

Repairing

Done on short notice and on the most reasonable terms.

HEIMSTREET'S INIMITABLE HAIR RESTORATIVE.

It is not a DYE, but restores gray hair to its original color, by supplying the capillary tubes with natural sustenance, impaired by age or disease. All *instantaneous dyes* are composed of *lunar caustic*, destroying the vitality and beauty of the hair, and afford of themselves no dressing. Heimstreet's Inimitable Coloring not only restores hair to its natural color by an easy process, but gives the hair a luxuriant beauty, promotes its growth, prevents its falling off, eradicates dandruff, and imparts health and pleasantness to the head. It has stood the test of time, being the original Hair coloring, and is constantly increasing in favor.—Used by both gentlemen and ladies. It is sold by all respectable dealers, or can be procured by them of the commercial agents, D. S. Barnes & Co. 202 Broadway New York. Two sizes, 50 cents and $1.

Enrollment Lists.

The Provost Marshal has furnished us the enrollment lists of this city, which we shall commence publishing to-morrow.—The object of publication is to procure the correction of any inaccuracies which may exist in them.

Apportionment of Delegates.

It was stated by Mr. Towne of Edgerton, in the convention held in this city on Monday, that the new apportionment of delegates among the several towns and cities of this county, made by the republican county committee, was published in the Daily Gazette but not in the Weekly Gazette and Free Press, last fall, and hence the misunderstanding in relation to the change of representation for the towns. We find by examination that Mr. Towne was mistaken, though doubtless unintentionally so. By referring to the Weekly Gazette of August 29, 1862, it will be seen that the two calls for county and senatorial conventions were published in the paper of that date. For information we republish the apportionment made by the two committees at that time, as follows:

Avon	2	Bradford	2
Beloit City. 1st ward	2	Town of Janesville	2
" 2d ward	2	Johnstown	3
" 3d ward	2	La Prairie	2

FESTIVAL OF BEAUTY.—The production of this musical entertainment at Lappin's Hall last evening by Prof. Mason and his pupils was a perfect success. The children had been well taught in their respective parts and sang remarkably well, while a profusion of flowers tastefully worn added to the effect of a large groupe of happy youths neatly appareled and glowing with a pleasureable excitement. At the close a request was made by the audience for its repetition, a request which, we are informed, will be complied with. Prof. M., we are also informed, generously proposes to donate the proceeds, after payment of expenses, to the Ladies Soldiers' Aid Society.

MONEY LOST.—Lost, this forenoon, a package of money, somewhere between the passenger depot and Hyatt House corner. The finder will be liberally rewarded by leaving it at this office.

LOST.—On the 17th inst., in this city, a package of dry goods, containing two dress patterns—one of calico the other of light, thin material. There was some silk, thread, &c. in it. The finder will be suitably rewarded by leaving it at this office.

VALUABLE CONTRIBUTIONS.—Lieut. Amsden, of the 12th battery, has presented us with several valuable additions to our rebel museum. Among the articles thus contributed are a variety of papers, orders and documents relating to the conscription, and the discipline and organization of the rebel army, captured in the private desk of Col. Wall, of the Texas Legion. Those who are disposed to find fault with the conscription law of our congress and the discipline of our army, will do well to examine the documents brought home by Lieut. Amsden, and make a comparison of the "tender mercies" of the rebellion with the cruelties of Lincoln's tyranny! Lieut. A. also presented us with specimens of an entirely new character of artillery shot. They consist of solid shot and canister for the Richardson gun, which is manufactured in the south, and used chiefly by skirmishers. This gun is easily handled by three or four men, and is an effective weapon. Several New Orleans and Memphis papers are also among the contributions. Lieut. A. will accept our thanks for his kind remembrance of us.

THE ——OLD HARRY!—The thermometer has been at 99° in the shade to-day! If this kind of performance keeps on, our friends will find us in John Allen's ice house hereafter.

CITY TAX.—The city treasurer issues his annual notice to the tax-payers of the city. We commend it to the especial attention of the Monitor, and respectfully ask its proprietor if his "cakes" are ready.

THE GREAT CENTRAL ROUTE.—The public are already so well posted touching the advantages for eastern travel promised by the Great Central route over all other lines, that it is almost a work of supererogation for us to discuss the subject in these columns. With magnificent day coaches, fitted up in the highest style of art, and each having Ruttan's justly celebrated ventilator attached; with night cars luxuriant and comfortable, attentive officials, smooth, well ballasted road beds, and a time table rarely if ever departed from, there can be no doubt that the Michigan Central and the Great Western roads are entitled to the high position which they hold with the traveling community.

The fare to New York has already been reduced to eighteen dollars, and it will continue to be as low as by any other route. Parties going east will find it to their decided advantage to apply at the office of the Michigan Central under the Tremont House, before purchasing tickets.—*Chicago Tribune.*

We can fully endorse this recommendation of the Michigan Central, and as fully recommend the New York Central road. What is so justly said of the Michigan road is entirely applicable to its New York namesake.

DOCTOR V. CLARENCE PRICE,

LATE OF BUFFALO, N. Y.

NOTICE FOR SEPT, 1863.

IT will be remembered that Dr. Price has visited Janesville for the two years, restored to health many suffering from affections of the Lungs, Throat, Liver, Heart, Kidneys, Rheumatism, Catarrh, Dyspepsia, Fits, Asthma, scrofula, Dropsies, Female Complaints, and other diseases called chronic, most having dispaired of a recovery. To the cure of chronic diseases in their various forms and stages, Dr. Price devotes his whole attention. He is not reviving an old worn out system advocated years ago by speculative adventurers, but a method of treatment of 20 years standing, and still pursued in the east with unparalleled success. A system founded on truth, no trifling sacrificing of life to experiments. Knowledge we contend for, not speculation, experiment and quackery! We use no minerals or destructive agent, nor exhaust the energies nor injure the constitution, nor make sick to make well, tear down to build up. We invite honorable investigation feeling that our cause is just. Those sick and discouraged call upon us—advice gratuitous. Our Philosophy of practice is founded on the Laws of Nature Our theory of disease the theory of Experience and Evidence—our Materia Medica the boundless forest!

Dr. Price

will be for consultation upon diseases generally at Janesville,

Hyatt House, Saturday and Sunday,

the 19th and 20th of Sept: Whitewater, 15th of Sept; Racine, Congress Hall, 2th of August. 50wtf

OFFICE OF JAY COOKE,

General Subscription Agent

FOR 5-20 LOAN,

No. 114 South Third St., Philadelphia.

NATIONAL BANKING ASSOCIATIONS,

COMMUNITIES, and CAPITALISTS now contemplating the formation of National Banking Associations, under Secretary Chase's Bill, passed at the last session of Congress, are reminded that the 5-20 Loan, now for a limited period to be obtained at par may after the first of August be withdrawn from the market.

The improved condition of Military affairs and the constant succession of Victories, together with the completion of the preparations for the issue of the Four Hundred Millions of Legal Tender Interest bearing notes, or Treasury Notes, renders the issuing of further long or permanent Loans at present, exceedingly doubtful.

The Loans of the Government,

maturing in 1881, are now selling at six per cent premium. These would advance to 10 or 15 per cent premium, if the Secretary of the Treasury should discontinue the sales of the 5 20's; and the 5 20's themselves would soon command a handsome premium, should the demand for Government loans, as the basis for banking or for investment, be at all active. It is possible that the Secretary of the Treasury may receive subscriptions to the 5 20 Loan for a longer period,—should there be any delay in the preparation of the notes for the supplying of the Treasury with funds, or should he in view of the manifest benefits to the country from the present popular mode of distributing the loans of the nation among the *people*—or to encourage the formation of the New Banks—decide it to be wise and judicious to further extend the time of subscriptions to the 5 20's at par. His views and intentions on the subject of course, are unknown; therefore, the safest and wisest course is to subscribe at once, whilst a six per cent, bond, with the interest and principal payable in GOLD, can be had at par

It will afford me pleasure to furnish full information in regard to the formation of the National Banks, and the necessary steps to be taken. Printed documents relative thereto will be furnished, at Washington, on application to Hon Hugh McCulloch, Comptroller of the Currency, or by the undersigned

Enrollment Lists.

The Provost Marshal has furnished us the enrollment lists of this city, which we shall commence publishing to-morrow.—The object of publication is to procure the correction of any inaccuracies which may exist in them.

Apportionment of Delegates.

It was stated by Mr. Towne of Edgerton, in the convention held in this city on Monday, that the new apportionment of delegates among the several towns and cities of this county, made by the republican county committee, was published in the Daily Gazette but not in the Weekly Gazette and Free Press, last fall, and hence the misunderstanding in relation to the change of representation for the towns. We find by examination that Mr. Towne was mistaken, though doubtless unintentionally so. By referring to the Weekly Gazette of August 29, 1862, it will be seen that the two calls for county and senatorial conventions were published in the paper of that date. For information we republish the apportionment made by the two committees at that time, as follows:

Aven	2	Bradford	2
Beloit City, 1st ward	2	Town of Janesville	3
" 2d ward	2	Johnstown	3
" 3d ward	2	La Prairie	2
" 4th ward	2	Lima	2

FESTIVAL OF BEAUTY.—The production of this musical entertainment at Lappin's Hall last evening by Prof. Mason and his pupils was a perfect success. The children had been well taught in their respective parts and sang remarkably well, while a profusion of flowers tastefully worn added to the effect of a large groupe of happy youths neatly appareled and glowing with a pleasureable excitement. At the close a request was made by the audience for its repetition, a request which, we are informed, will be complied with. Prof. M., we are also informed, generously proposes to donate the proceeds, after payment of expenses, to the Ladies Soldiers' Aid Society.

MONEY LOST.—Lost, this forenoon, a package of money, somewhere between the passenger depot and Hyatt House corner. The finder will be liberally rewarded by leaving it at this office.

LOST.—On the 17th inst., in this city, a package of dry goods, containing two dress patterns—one of calico the other of light, thin material. There was some silk, thread, &c. in it. The finder will be suitably rewarded by leaving it at this office.

VALUABLE CONTRIBUTIONS.—Lieut. Amsden, of the 12th battery, has presented us with several valuable additions to our rebel museum. Among the articles thus contributed are a variety of papers, orders and documents relating to the conscription, and the discipline and organization of the rebel army, captured in the private desk of Col. Wall, of the Texas Legion. Those who are disposed to find fault with the conscription law of our congress and the discipline of our army, will do well to examine the documents brought home by Lieut. Amsden, and make a comparison of the "tender mercies" of the rebellion with the cruelties of Lincoln's tyranny! Lieut. A. also presented us with specimens of an entirely new character of artillery shot. They consist of solid shot and canister for the Richardson gun, which is manufactured in the south, and used chiefly by skirmishers. This gun is easily handled by three or four men, and is an effective weapon. Several New Orleans and Memphis papers are also among the contributions. Lieut. A. will accept our thanks for his kind remembrance of us.

THE ——OLD HARRY!—The thermometer has been at 99° in the shade to-day! If this kind of performance keeps on, our friends will find us in John Allen's ice-house hereafter.

CITY TAX.—The city treasurer issues his annual notice to the tax-payers of the city. We commend it to the especial attention of the Monitor, and respectfully ask its proprietor if his "cakes" are ready.

THE GREAT CENTRAL ROUTE.—The public are already so well posted touching the advantages for eastern travel promised by the Great Central route over all other lines, that it is almost a work of supererogation for us to discuss the subject in these columns. With magnificent day coaches, fitted up in the highest style of art, and each having Ruttan's justly celebrated ventilator attached; with night cars luxuriant and comfortable, attentive officials, smooth, well ballasted road beds, and a time table rarely if ever departed from, there can be no doubt that the Michigan Central and the Great Western roads are entitled to the high position which they hold with the traveling community.

The fare to New York has already been reduced to eighteen dollars, and it will continue to be as low as by any other route. Parties going east will find it to their decided advantage to apply at the office of the Michigan Central under the Tremont House, before purchasing tickets.—*Chicago Tribune.*

We can fully endorse this recommendation of the Michigan Central, and as fully recommend the New York Central road. What is so justly said of the Michigan road is entirely applicable to its New York namesake.

A Friend in Need. Try It.

DR. SWEET'S INFALLIBLE LINIMENT is prepared from the receipe of Dr. Stephen Sweet, of Connecticut, the great bone setter, and has been used in his practice for the last twenty years with the most astonishing success. As an external remedy it is without a rival, and will alleviate pain more speedily than any other preparation. For all Rheumatic and Nervous Disorders it is truly infallible, and as a curative for Sores, Wounds, Sprains, Bruises, &c. its soothing, healing and powerful strengthening properties, excite the just wonder and astonishment of all who have ever given it a trial. Over four hundred certificates of remarkable cures, performed by it within the last two years, attest this fact.

HIGH APPROVAL.—Rev. Professor GEO. SHEPARD, Theological Seminary, Bangor, Me., writes—"I find friends who, on my recommendation, are disposed to make trial of Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum, and there will have to be an agent in this place, the demand so increases as it becomes known."

DOCTOR V. CLARENCE PRICE,

LATE OF BUFFALO, N. Y.

NOTICE FOR SEPT, 1863.

IT will be remembered that Dr. Price has visited Janesville for three years, restored to health many suffering from affections of the Lungs, Throat, Liver, Heart, Kidneys, Rheumatism, Catarrh, Dyspepsia, Fits, Asthma, scrofula, Dropsies, Female Complaints, and other diseases called chronic, most having despaired of a recovery. To the cure of chronic diseases in their various forms and stages, Dr. Price devotes his whole attention. He is not reviving an old worn out system advocated years ago by speculative adventurers, but a method of treatment of 20 years standing, and still pursued in the east with unparalleled success. A system founded on truth, no trifling sacrificing of life to experiments. Knowledge we contend for, not speculation, experiment and quackery! We use no minerals or destructive agent, nor exhaust the energies nor injure the constitution, nor make sick to make well, tear down to build up. We invite honorable investigation feeling that our cause is just. Those sick and discouraged call upon us—advice gratuitous. Our Philosophy of practice is founded on the Laws of Nature. Our theory of disease the theory of Experience and Evidence—our Materia Medica the boundless forest!

Dr. Price

will be for consultation upon diseases generally at Janesville,

Hyatt House, Saturday and Sunday,

the 19th and 20th of Sept: Whitewater, 18th of Sept; Racine, Congress Hall, 27th of August. 60wtf

OFFICE OF JAY COOKE,

General Subscription Agent

FOR 5-20 LOAN,

No. 114 South Third St., Philadelphia.

NATIONAL BANKING ASSOCIATIONS,

COMMUNITIES, and CAPITALISTS now contemplating the formation of National Banking Associations, under Secretary Chase's Bill, passed at the last session of Congress, are reminded that the 5-20 Loan, now for a limited period to be obtained at par, may after the first of August be withdrawn from the market.

The improved condition of Military affairs and the constant succession of Victories, together with the completion of the preparations for the issue of the Four Hundred Millions of Legal Tender Interest bearing notes, or Treasury Notes, renders the issuing of further long or permanent Loans at present, exceedingly doubtful.

The Loans of the Government,

maturing in 1881, are now selling at six per cent. premium. These would advance to 10 or 15 per cent. premium, if the Secretary of the Treasury should discontinue the sales of the 5-20's; and the 5-20's themselves would soon command a handsome premium, should the demand for Government Loans, as the basis for banking, or for Investment, be at all active. It is possible that the Secretary of the Treasury may receive subscriptions to the 5-20 Loan for a longer period,—should there be any delay in the preparation of the notes for the supplying of the Treasury with funds, or should he in view of the manifest benefits to the country from the present popular mode of distributing the loans of the nation among the *people*—or to encourage the formation of the New Banks—decide it to be wise and judicious to further extend the time of subscriptions to the 5 20's at par His views and intentions on the subject of course, are unknown; therefore, the safest and wisest course is to subscribe at once, whilst a six per cent. bond, with the interest and principal payable in GOLD, can be had at par.

It will afford me pleasure to furnish full information in regard to the formation of the National Banks, and the necessary steps to be taken. Printed documents relative thereto will be furnished, at Washington, on application to Hon. Hugh McCullough, Comptroller of the Currency, or by the undersigned.

SUBSCRIPTION AGENT FOR 5-20 LOAN, 114 *South Third Street, Philadelphia.*

Two Doors West of the Post Office,

where may be found a good assortment of

Pianos, Melodeons & Harmoniums,

also all the latest popular publications of

SHEET MUSIC,

including a great variety of Patriotic Songs. We keep a large assortment of

for every instrument now in use. We have, also, *Bootman's Piano Forte Tuning Scale* for tuning Pianos or Melodeons in even temperament. Any person who can tune two strings in unison or octaves can, with this scale, tune a Piano. Its object is to enable those who play the Piano to tune their own instruments.

We would call the attention of all lovers of music to a new instrument which we have just received called the

HARMONIUM,

which bids fair to take the place of the ordinary Melodeon. It has two set of reeds and the power of three common Melodeons. It is inclosed in a strong, neat case of Rosewood or Black walnut, and is just the thing for Churches, Lecture Rooms, &c. It is praised by every one that has examined it. GENERAL ORDER No. 1

TO THE PEOPLE OF WISCONSIN.

The best bought, best selected, best assorted and most extensive stock of

DRY GOODS

ever offered in Janesville, is now open to

PUBLIC INSPECTION

at the

Great Mart of McKey & Bro.

WE have taken advantage of the recent unparalleled fall in the price of gold, E McKey having resided almost exclusively in New York for the past three months, was on hand and

BOUGHT LARGELY

of first class importers, who, under the influence of the panic,

Sacrificed Many Desirable Goods

at 50 cents on the dollar of the prices ruling one week previous. The public is aware that the cause of the great advance in the price of Imported Goods was the the enormous premium on gold, to buy exchange and pay duties; that having declined from 74 to 33 per cent, or about 50 per cent on former rates, and we having been on the spot when it took place, went in for

Piles of Goods.

the purchase of one of which would Gobble up the entire resources of many of the so called Merchants who Blow, Hurrah and Clap their hands before the public.

But we believe that sensation advertisements are played out, and that it is scarcely necessary to inform the public that those who are compelled to buy goods in small lot, and live as it were from hand to mouth cannot pretend to

COMPETE WITH US!

In proof of which we offer the following:

200 ps full yd wide New York E Sheetings,	30c per yd
200 ps Portsmouth unbleached factory,	30c "
500 ps Spring DeLaines,	25c "
500 ps new Spring DeLaines	31¼c "
300 Balmoral Skirts, 4 yds wide, 1[illegible] yds long	$2 50.
100 ps A T Stewart fine print'd French Jaconets,	31¼c"

200 Ps Fine French Organdies at 25c per yd

which were bought under peculiar circumstances, the same quality having been sold at wholesale last week in New York at 41c per yard. None of the above will be sold to neighboring speculators; our legitimate trade alone supplied

Our purchases of nearly a year ago were so enormous that we still

HAVE MANY PACKAGES

of heavy and fine bleached and unbleached Sheetings and Shirtings, Merrimac, Sprague and other Prints Shirtings, Stripes, Tickings, Denims, Cottonades for Summer wear, &c., &c., all of which we will now open and dispose of at prices which will make the small fry stand aside, and still further add to the Brilliant and Triumphant success which has crowned our efforts for the last fourteen years.

We shall still sell our justly celebrated and superior

HOOP SKIRTS

at old prices. Our stock of

Hosiery, Gloves & Embroideries

will be found the largest and most comprehensive in the state. Ladies will here find a full Bonnet hand made Tatting, all widths, Collerette a La Eugenie, Bordure Imperatrice, Linen Collars, plain and with ruffled, embroidered, colored and mourning trimming.

IN CLOAKINGS AND SACKINGS

We shall exhibit 100 pieces Middlesex and Washington all wool, most desirable shades, plain and mixed.

Our stock of all wool, silk warp and domett

FLANNELS

for spring and summer wear is full and well assorted.

SHAWLS! SHAWLS!

We have on the road and will shortly receive Five Hundred of the most fashionable for spring wear.

BLACK SILKS,

New Broom Black Silks, (to be had only of us,) also English Crown, Sumbline and Bischoff do do.

We close out from one of the heaviest importers in New York, 600 pieces heavy

GERMAN REPPS,

worth 50c per yard, which to those who buy to keep over, or for immediate wear, we offer as a drive at 2[illegible]c per yard.

In Our Millinery Department

will be found everything desirable, choice and new, in Bonnetts and Flats of the fashionable Eugenie, Alexandrina and Alboni styles; 12[illegible] dozen best make of

SHAKER HOODS,

white and colored, all sizes. Ruches, black, white and magpie; new style frames; crown lining; cape lace; fine French flowers, rose buds, &c., &c. The usual liberal inducements to the trade.

OUR CLOTHING STORE

is heavily stocked with all the new and desirable styles of

GENT'S GARMENTS.

We have also a well selected line of Harris, Woodstock and other well known brands of

Fancy Cassimeres,

which if desired, we shall

MAKE UP TO ORDER

in the first style of fashion.

In conclusion, we cordially invite the public, for its own satisfaction, to examine every stock in the city before looking at ours. But we would also caution every purchaser not to invest one dime in Dry Goods before calling at the

GREAT MART,

SIGN OF THE GOLDEN SHEEP,

where they can obtain

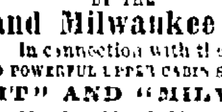

Twenty-Five per Cent More

for their money than at any other store.

STANDARD MACHINES

Well known to be the best for

Manufacturing Purposes!

No. 1, Standard Shuttle Machine, formerly sold at $90,

Reduced to $70.

No. 2, Standard Shuttle Machine, formerly sold at $100,

Reduced to $70.

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

in Carriage Trimming, Boot and Shoe Making, Harness Making, etc, etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

☞Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

☞ All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'s GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

We have made the above Reduction in Prices with the two fold view of benefitting the public and ourselves The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal and finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

PUBLIC INSPECTION

at the

Great Mart of McKey & Bro.

WE have taken advantage of the recent unparalleled fall in the price of gold, E. McKey having resided almost exclusively in New York for the past three months, was on hand and

BOUGHT LARGELY

of first class importers, who, under the influence of the panic,

Sacrificed Many Desirable Goods

at 50 cents on the dollar of the prices ruling one week previous. The public is aware that the cause of the great advance in the price of Imported Goods was the the enormous premium on gold, to buy exchange and pay duties; that having declined from 74 to 33 per cent, or about 50 per cent on former rates, and we having been on the spot when it took place, went in for

Piles of Goods.

the purchase of one of which would Gobble up the entire resources of many of the so-called Merchants who Blow, Hurrah and Clap their hands before the public.

But we believe that sensation advertisements are played out, and that it is scarcely necessary to inform the public that those who are compelled to buy goods in small lot, and live as it were from hand to mouth cannot pretend to

COMPETE WITH US!

in proof of which we offer the following:

200 ps full yd wide New York E Sheetings,	30c per yd.
200 ps Portsmouth unbleached factory,	20c "
500 ps Spring DeLaines,	25c "
500 ps new Spring DeLaines,	31¼c "
300 Balmoral Skirts, 4 yds wide, 1¼ yds long,	$2,50.
100 ps A T Stewart fine print'd French Jaconets,	31¼c"

200 Ps Fine French Organdies at 25c per yd.

which were bought under peculiar circumstances, the same quality having been sold at wholesale last week in New York at 44c per yard. None of the above will be sold to neighboring speculators; our legitimate trade alone supplied.

Our purchases of nearly a year ago were so enormous that we still

HAVE MANY PACKAGES

of heavy and fine bleached and unbleached Sheetings and Shirtings, Merrimac, Sprague and other Prints, Shirtings, Stripes, Tickings, Denims, Cottonades for Summer wear, &c., &c., all of which we will now open and dispose of at prices which will make the small fry stand aside, and still further add to the Brilliant and Triumphant success which has crowned our efforts for the last fourteen years.

We shall still sell our justly celebrated and superior

HOOP SKIRTS

at old prices. Our stock of

Hosiery, Gloves & Embroideries

will be found the largest and most comprehensive in the state. Ladies will here find a full line of hand made Tatting, all widths, Collorette a La Eugene, Border Imperatrice, Linen Collars, plain and with ruffled, embroidered, colored and mourning trimming.

IN CLOAKINGS AND SACKINGS

We shall exhibit 100 pieces Middlesex and Washington all wool, most desirable shades, plain and mixed.

In Our Millinery Department

will be found everything desirable, choice and new, in Bonnetts and Flats of the fashionable Eugene, Alexandrina and Airboni styles; 1200 dozen best made of

SHAKER HOODS,

is heavily stocked with all the new and desirable styles of

GENT'S GARMENTS.

We have also a well selected line of Harris, Woodstock and other well known brands of

Fancy Cassimeres,

which if desired, we shall

in the first style of fashion.

In conclusion, we cordially invite the public, for its own satisfaction, to examine every stock in the city before looking at ours. But we would also caution every purchaser not to invest one dime in Dry Goods before calling at the

SINGER & CO.'S

STANDARD MACHINES

Well known to be the best for

Manufacturing Purposes:

No. 1, Standard Shuttle Machine, formerly sold at $90,

Reduced to $70.

No. 2, Standard Shuttle Machine, formerly sold at $100,

Reduced to $70.

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

in Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

☞ Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

☞ All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'s GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal and finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.
